EDUCATION

Chandigarh Group of Colleges 2020 - 2024

B.Tech in Computer Science & Engineering CGPA: 8.45

EXPERIENCE

Tech Mahindra Pune, India

Associate Software Engineer Nov 2024 – Present

SAP BusinessObjects | Client: SAP

- Maintained 5+ enterprise servers (CMS, Auditing, WebApp) with 99.5% uptime.
- Supported 50+ customers in SAP BO deployments across Tomcat/WebLogic, cutting issues by 40%.
- Resolved 50+ critical incidents via log analysis and RCA, reducing recurring errors by 35%.
- Configured secure authentication for 100+ users across distributed servers.
- Delivered L2/L3 support in production-down cases, achieving 95% SLA adherence.

SAP UI5 Fiori Frontend Developer | Client: GE Aerospace

- Developed responsive SAP UI5 applications using MVC architecture, XML views, controllers, and reusable UI components for aerospace manufacturing workflows.
- Integrated SAP UI5 applications with backend OData services, enabling real-time data retrieval, updates, and smooth end-to-end system communication.
- Implemented routing, navigation, data binding, and Fiori UX guidelines to enhance user experience and improve task efficiency by 30%.
- Optimized UI performance through binding optimization, reduced network calls, and client-side caching, improving application load time and responsiveness.

SKILLS

Languages: Python,Java, SQL

Technologies: Spring Boot, Spring MVC, Spring Security, Hibernate, JPA, RESTful APIs

Databases: MySQL

Infrastructure & DevOps: Docker,Kubernetes (basic), AWS, Git,Github

Tools: Postman, REST APIs, OData

PROJECTS

Grewal Electric Store – Full Stack E-Commerce Platform, Java 21, Spring Boot 3.3, React 18, MySQL

- Developed a full-stack e-commerce platform for a car spare parts business using Spring Boot, React, and MySQL.
- Implemented **JWT-based authentication**, role-based access control, email verification, and password recovery.
- Designed and developed **RESTful APIs** for products, carts, orders, payments, reviews, and user management.
- Built a responsive React frontend with product browsing, shopping cart, checkout, and admin dashboard features.
- Developed inventory management, order tracking, and sales reporting modules for business operations.

Taskade – Task Management Platform, Spring Boot, MySQL

- Developed a productivity-focused task management system with **user authentication** and secure session handling.
- Implemented **customizable task lists**, allowing users to add, update, categorize, and prioritize tasks efficiently.
- Added **deadline management** and smart reminders to help users track and complete tasks on time.
- Integrated **task search functionality** with filters for quick retrieval, improving user workflow and productivity.

ACHIEVEMENTS

- Completed 6-month Industrial Training in **Artificial Intelligence Machine Learning (AIML)** from **National Institute of Electronics Information Technology (NIELIT)**.
- Solved Over **200 Coding Questions** on Platforms like LeetCode, GeeksforGeeks.
- AWS Certified Cloud Practitioner – Amazon Web Services, 2025
- SAP Certified - SAP Fiori Application Developer – SAP, 2025
